

COMMUNITY OPTIONS PROGRAM (COPS)

The Community Options Program provides support for people under 65 years of age (and under 50 for Aboriginal and Torres Strait Islander people), and their unpaid carers.

Our services are tailored to your unique circumstance and preferences. We work with you to support you to maintain and build independence and community participation, ensuring that choice and control are optimised.

If you have a condition that affects your ability to complete activities of daily living and you require support to enhance your wellbeing and to remain living independently in your community, than you may be eligible for support.
