

RECOVERY, WELLNESS AND HOUSING SERVICE (RWHS)

We provide targeted psychosocial and practical interventions that are aligned with an individual's recovery, increasing their capacity for self-management of lifestyle and health needs.

The team will assist individuals to acquire the skills and resources to break the cycle of moving through acute care facilities, boarding houses, hostels, crisis accommodation and homelessness.

Individuals will be provided with supports to transition to secure, stable tenancy/housing, strengthen community connection and positive relationships to optimise their capacity for inclusion in community life.
